Project Objectives

- **Filter Products:**
 - Create a workflow to filter products by price, ratings, and category.
- **Refine Recommendations:**
 - Add a workflow to further refine recommendations based on product descriptions.
- **Implement Conversational Memory:**
 - Enable multi-turn conversational memory for seamless product recommendations.
- **Support Multi-User Sessions:**
 - Extend the memory to support multiple user sessions.
- **Build Product Recommendation Agent:**
 - Combine all workflows into a cohesive product recommendation agent.

Product Recommendation Agent

Product Name	Price (USD)	Rating	Description
BetaTab S	500	4.2	BetaTab S is a lightweight tablet with a 15-inch display, 4GB RAM, and 64GB storage. Perfect for entertainment and light work on the go.
BetaTab Lite	400	4.1	BetaTab Lite is a budget-friendly 10-inch tablet with 2GB RAM and 32GB storage, perfect for casual browsing and entertainment.
SpectraTab Max	600	4.3	SpectraTab Max features a 12-inch Retina display, 6GB RAM, and 128GB storage, designed for entertainment and professional use.

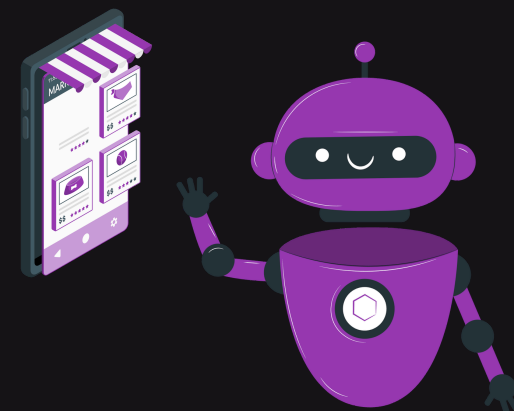

recommend these tablets based on your search for a tablet. Each option caters to different needs and budgets:

- BetaTab S** is ideal for those who want a larger display and more RAM for multitasking, making it suitable for both entertainment and light work.
- BetaTab Lite** is a great choice if you're looking for a more affordable option for casual use, such as browsing and streaming.

BetaTab S	500	4.2	BetaTab S is a lightweight tablet with a 15-inch display, 4GB RAM, and 64GB storage. Perfect for entertainment and light work on the go.
SpectraTab Max	600	4.3	SpectraTab Max features a 12-inch Retina display, 6GB RAM, and 128GB storage, designed for entertainment and professional use.

I recommend the **BetaTab S** and **SpectraTab Max** because they both have displays larger than 10 inches, meeting your requirement. The BetaTab S offers a larger 15-inch display, making it ideal for entertainment and light work, while the SpectraTab Max provides a high-quality 12-inch Retina display, suitable for both entertainment and professional tasks. Both options also have good ratings, ensuring a satisfactory user experience.
